

Help if you are refused registration

Ask the GP receptionist to write the reason why they cannot register you in the box overleaf. You cannot be refused registration because you are a member of the gypsy, traveller or Roma community, whether on an authorised or un-authorised site or 'of no fixed abode', because you do not have proof of address, identification or because of your immigration status.

If the GP already has too many patients they can refuse to register you. In this instance they must explain why in writing. If this happens to you, or a helper, you can seek advice on how to access GP services from a local support organisation.

Message to the GP Practice

Thank you for helping to register this patient. We hope the patient was able to show you relevant documents. NHS Guidelines say 'If a patient cannot produce any supportive documentation but states that they reside within the practice boundary then practices should accept the registration'.

There is no regulatory requirement to prove identity, address, immigration status or an NHS number in order to register as a patient and no contractual requirement for GPs to request this.

All travellers, gypsies or members of the Roma community are eligible to register with a GP practice. All overseas visitors and asylum seekers, whether lawfully in the UK or not, are eligible to register with a GP practice even if they are not eligible for secondary care (hospital care) services.

The patient **MUST** be registered on application unless the practice has reasonable grounds to decline.

GP practices have limited grounds on which they can turn down an application and these are; if

- ➔ The commissioner has agreed that they can close their list to new patients.
- ➔ The patient lives outside the practice boundary.

(N.B. A person who is a traveller, a gypsy or a member of the Roma community should not be refused registration on the basis of where they reside, because they do not live in settled accommodation or on an official traveller site. Patients may move quite frequently, for family or work reasons, from site to site. Many sites are not formally authorised so patients may need to change the places where they stay on a frequent basis.)

If you require further information or advice, please contact your local NHS England primary care commissioning team (www.england.nhs.uk/about/regional-area-teams).

Please refer to the NHS England Guidance on Patient Registration: Patient Registration Standard Operating Principles for Primary Medical Care (GP), November 2015: www.england.nhs.uk/commissioning/wp-content/uploads/sites/12/2015/11/pat-reg-sop-pmc-gp.pdf

How to register with a doctor (GP)

Registering with a doctor

You need to register with a GP as soon as you can, so you can see the GP when you are sick.

What does it cost?

There is no charge to register with a GP in England. Once you are registered, there is also no charge to see your GP. If your GP decides that you need medicine, you will receive a prescription. To get your medicine, take the prescription to any pharmacy. If you have an HC2 certificate, you will not be charged for the medicine. You should show this to the staff at the pharmacy and also tick the correct box on your prescription.

If you haven't got an HC2 certificate, you will need to apply for one using the HC1 form with help from a support group, if needed. Application criteria does apply, so if you want more information you can contact Help with Health Costs on **0300 330 1343** or go onto the following website at www.nhsbsa.nhs.uk/1125.aspx

If you need to see a GP, but have difficulty speaking or understanding English, tell the staff at the GP surgery. They will be able to arrange an interpreter. You will not be charged for this service.

Do I need ID to register?

You do not have to provide ID when registering with a GP, but it is helpful to do so. It is helpful if you can provide at least one of the documents below when registering with your GP:

Finding a doctor

Before you register, contact the GP practice to explain that you are on a nearby site (whether authorised or unauthorised), 'of no fixed abode' or living or staying temporarily in the vicinity of their practice. You are entitled to register in the area where you are, without 'proof of address'.

You can register with any GP in your local area as long as they have space for new patients. You can also get help by:

- ➔ **Asking friends**
- ➔ **Asking at the library**
- ➔ **Asking local organisations such as schools, mosques, temples, churches and nurseries**
- ➔ **Asking a support or social worker**
- ➔ **Looking on the NHS Choices website - www.nhs.uk**
